Dear Mr Murdoch

**Sir Samuel Griffith Drive, Mt Coot-tha
Operation Review Results**

Brisbane City Council has recently completed the public consultation phase of its operational review into Sir Samuel Griffith Drive at Mt Coot-tha.

The local community and regular road users were asked to provide feedback on three options for the future operation of the road.

Of the 700 plus responses received, over 500 supported leaving the road two-way and providing passing bays at selected locations to allow vehicles to travel safely past other users, and warning signage to improve safety.

Four new warning signs advising of pedestrian and cyclist use will be erected in the next few weeks and plans for the passing bays and any additional signage will be developed over the coming months.

We thank you for the time and effort the community displayed in responding to the consultation process.

For further information on the Sir Samuel Griffith Drive Operation Review, please call Council on (07) 3403 8888.

Yours sincerely

Vic Nash
Project Manager
