Dedicated to a better Brisbane

12 March 2013

Paul French
CBD BUG
GPO Box 2104
BRISBANE QLD 4001

Dear Sir/Madam

Encouraging active and public transport is all part of Brisbane City Council's balanced approach to reducing Brisbane's traffic congestion and it is a great way for residents to stay active and healthy.

Council has been working with the Department of Transport and Main Roads to develop free local travel maps designed to help visitors and residents travel on Brisbane's walking, cycling and public transport network.

Each map displays localised information including walking and cycling journey suggestions, secure bicycle parking, on and off road cycling facilities, walking tracks, bus routes and stops as well as key destinations such as schools or shopping centres.

There are five maps in the set including;

- Map 1: Brisbane Central
- Map 2: Brisbane North
- Map 3: Brisbane East
- Map 4: Brisbane South-East
- Map 5: Brisbane South-West

If you would like to stock these free local travel maps, please complete and return the attached order form to the following address or contact Council on (07) 3403 8888;

Integrated Transport
Brisbane City Council
