Dear Matt

On behalf of the members of the Brisbane Central Business District Bicycle User Group (CBD BUG) I would like to sincerely thank you for the commitment and hard work you consistently demonstrated during your two years as the Director, Cycling with the Department of Transport and Main Roads.

In particular, I would like to acknowledge your drive in putting into action the government's policy agenda to increase cycling as a viable and sustainable alternative transport mode.

Some of the recent outcomes of your approach in this regard are the delivery of essential new cycling infrastructure projects such the Veloway 1 (V1) Cycleway upgrade Stage C between Lewisham Street and Birdwood Road, and the North Brisbane Cycleway Stages 1A and 1B.

Another prominent feature of your work that has been greatly appreciated has been your readiness to meaningfully engage with the Brisbane CBD BUG in its capacity as a peak representative group for cyclists

All up your work has been an admirable source of support for increasing cycling in Brisbane and across Queensland and thereby restoring a sense of community on our streets and roads.

Not surprisingly, CBD BUG members are disappointed you are not continuing in your current role. Following advice of your departure, at the 27 March 2013 CBD BUG General Meeting members voted unanimously that we send you a letter of recognition.

Again, thank you very much. We wish you the very best for the next stage in your career.

Yours faithfully

Paul French
