Dear Mr Simons

Just to confirm the substance of my 20th October phone conversation - I do wish to proceed with the request.

I suggested instead of supplying all GPS coordinates: just supplying the GPS centroid, simplifying what the funding source was, not worrying about exact length and width of bike paths; but keeping the time frame 2008-2017, and the budgeted/actual cost/contractor/general location fields.

I am not sure exactly what the sticking point is but I would think it is pretty easy to answer the request and keep the substance of it.

regards

Richard
