Dear Cr Krista Adams

The CBD BUG would like to meet with you to discuss the proposed Melbourne St Bus Stops to be constructed as part of the Brisbane Metro Project. We view this as a once in a generation opportunity to reconstruct Melbourne St as a truly 21st century street that is welcoming and functional to everyone and that is world class. In this vision we strongly believe Melbourne St will not be world class without protected bikelanes. For this reason we would prefer to meet with you before the 22nd of October 2019 when I (Donald Campbell) will be addressing the council on this matter.

Looking forward to your reply

Yours sincerely

Donald Campbell
