Dear Mr French

I hope my letter finds you and your family well.

I am writing to advise that the new *Queensland Cycling Action Plan 2020–2022* and *Queensland State of Cycling Report 2019* will soon be available online.

This is the second action plan under the *Queensland Cycling Strategy 2017–2027* which is helping achieve the objectives of *Our Future State: Advancing Queensland's Priorities* to keep Queenslanders healthy, keep communities safe and give all our children a great start.

The plan includes 66 practical, targeted actions that the Queensland Government will deliver over the next two years to encourage more people to ride. These actions build on our achievements under the 2017–2019 plan.

The new *Queensland State of Cycling Report 2019* highlights how far we have come since the launch of the 10-year Queensland Cycling Strategy in 2017.

I have opted to release the new action plan now to ensure the delivery of the *Queensland Cycling Strategy 2017–2027* and to support public and private sector employment during the response to the novel coronavirus (COVID-19) pandemic.

I encourage you to check out the progress and achievements made so far, and to learn what we will do next to encourage more Queenslanders to ride. Please read more about the new action plan and state of cycling report online at www.tmr.qld.gov.au/cyclingstrategy.

If you require further information, I encourage you to contact Mr Adam Rogers, Director (Active Transport) from the Department of Transport and Main Roads, by email at adam.z.rogers@tmr.qld.gov.au or telephone on (07) 3066 7540.

I look forward to working with you to deliver the new action plan.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Mark Bailey'.

MARK BAILEY MP
Minister for Transport and Main Roads
